Dear Mr Weisberg,

I have just started reading the paperback edition of "Whitewash" substantiating your thoughts about Stubebaker Exhibit D. I am enclosing page C of the San Francisco Examiner. Also I am enclosing Pictures from Page A of the San Francisco Examiner which was the Saturday November 23, 1963 edition. Is that Altgens in the left corner near the Ford making the turn? Is it a cameraman? Off the subject I am enclosing a rare picture taken inside Air Force I. Reporting Manchester there seem to be several of Kennedy's entourage in the background I don't believe this foto was shown in Times Magazine.

P.S. What about Bob Jackson Dallas Times Herald
